President and Prime Minister Abe agreed in opinion to cooperate each other on cyber attack threat. They talked about security affairs and regional situations.

Abe said that Estonia who has fundamental value of democracy, market economy and rule of law is an important partner country to Japan. The two countries agreed to start cooperation on cyber field including building up a conference. President told that Estonia hopes Japan to step up the cooperation with the field of cyber and he confirmed it would be possible. President also mentioned that Japan is a country who acts responsible manner in the international arena and had been refused military operation by tradition. This is very important in this tense situation on Ukraine. They talked about Ukrainian situation.

Asahi, NIKKEI, Mainichi and small press are showing about the same news.

President strongly criticized Russia that if the reason to enforce the control of the Crimea is because of the same race are living, there would be many troubles here and there in the world. He also told that the Roman Empire took the idea that "where Romans are living it Rome" and now Russia is taking the same dangerous idea. And President mentioned that Japan and Estonia have in common on own territory taken by the neighboring country. Estonia signed the border-drawing treaty in February. President chose the way to settle this problem by abandonment of the territory than long negotiations which may occur more tangles.
